Financial Apps Questionnaire

Share Your Experience with Financial Apps

Dear [Respondent],

Thank you for taking the time to participate in our survey! We are conducting a study to better understand how older people interact with financial apps and to identify ways to improve their features and functionality. Your feedback is invaluable in helping us identify characteristics of application that are more user-friendly and effective financial tools for older people.

Financial apps are digital tools designed to help individuals manage their finances, make transactions, and achieve their financial goals. They encompass a wide range of applications, including:

- Mobile Banking Apps: For managing bank accounts, transferring funds, and paying bills (e.g., Maybank2u).

- Financial Planning Apps: For budgeting, expense tracking, and setting financial goals (MoneyCoach, YNAB.

- Investment Apps: For buying, selling, and managing investments (e.g., MIDF Invest, MooMoo).

- Digital Wallets: For storing money and making payments (e.g., GrabPay, Touch 'n Go eWallet).

- Peer-to-Peer (P2P) Payment Apps: For sending and receiving money between individuals (e.g., PayPal, Venmo).

- Cryptocurrency Apps: For trading and managing digital assets (e.g., Binance, Coinbase).

- Insurance Apps: For managing insurance policies and claims (e.g., Prudential, AIA).

- Loan and Credit Apps: For applying for loans and managing repayments (e.g., KreditGo, Afterpay).

- Expense Tracking Apps: For monitoring spending and managing budgets (e.g., Spendee, PocketGuard).

- Retirement Planning Apps: For saving and investing for retirement (e.g., Betterment, Wealthfront).

This questionnaire focuses on understanding your experience with financial apps, including:

- How you use financial apps to manage your money?

- Your perception with key features like account balances, transaction tracking, fund transfers, and financial insights.

Your responses will remain completely anonymous and will be used solely for research purposes. The survey should take approximately 5–10 minutes to complete.

Thank you for sharing your insights and helping us improve financial apps for users like you! If you have any questions or concerns, feel free to contact us at xx
